

International Journal of Pharmaceutical Science Invention

e-ISSN : 2319-6718 p-ISSN : 2319-670X

Contents :

- Molecular Docking, Drug-likeness and Molecular Properties Study of Some Novel Quinazolinone-1,3,4-Oxadiazole Derivatives Against the GABA(A) Receptor Indicates the New Approach to Epilepsy Treatment** **01-12**
Shivanand Kolageri, Hemanth S, Suraj Rathod
- Rp-HPLC Method Development and Validation: Strategy to Minimize Run Time and Retention Time Using Chlorpheniramine in Tablet Form.** **13-20**
Dr. Gayatri Barabde, Priyanka Pataskar
- A Review On Pharmacological Potential Of Argemone mexicana In Management Of Wound Healing & Antidiabetic Activity** **21-27**
Parmita Chanda, Nilanjan Gupta, Alka Kumari, Somenath Bhattacharya, Soumallya Chakraborty, Rohan Pal,
Dr. Arin Bhattacharjee
